SPORT LIVE

SPORT LIVE

A Danish sports channel with a clear mission – to give Danish grassroots sports the visibility it deserves.

We showcase sports that would otherwise go without airtime – from futsal to padel, table tennis and more at www.sport-live.dk.

We broadcast over 18 hours a day, featuring more than 30 different sports, and we give clubs, volunteers, and local communities the exposure that helps keep Danish sport strong.

SPORT LIVE is therefore actively helping to support local sports life in Denmark.
